## CHILD AND FAMILY

Generally, for individual counseling with a child or youth or for family therapy, a parent will be bringing their child or youth to counseling. In this case, the parent(s) should complete forms 1 through 5 below. If only one parent is attending, then only that parent need complete the forms (with the exception that both parents may still need to sign the Parental Consent for Treatment form, if the parents are separated or divorced and are bound by a custody agreement or court order that requires it). If both parents are attending, they should both complete the forms.

1. **“Contact Information”** form. This form provides us with your contact information and allows you to specify how you would like to be contacted in the future by Calgary Couples Counselling Centre Inc.
2. **“Informed Consent and Authorization for Services”** form. This form summarizes important information about confidentiality, fees, cancellation policies, and other practices and policies of Calgary Couples Counselling Centre. Please review it, initial where necessary, and sign page 5.
3. **“Parental Consent for Treatment”**. Consent for providing treatment services to a minor is required by the parent(s) or guardian(s) of the minor.
4. **“Intake Questionnaire”**. This questionnaire aids assessment and treatment planning by giving your clinician a quick overview of your background and current situation at a glance. Each parent attending counseling should complete the Adult form. An older youth or “mature minor” can complete this form as well and skip the form below.

Plus:

5. **“Intake Questionnaire – Child”**. One of the parents should complete the Child form for each child that is the focus of treatment.

Please bring these forms with you to your initial session. All information you provide in this form will be kept as part of your confidential file. Feel free to discuss any questions with your therapist before signing.

# INFORMED CONSENT

## AND AUTHORIZATION FOR SERVICES

### Welcome to Calgary Couples Counselling Centre Inc..

This form provides information about the practice and privacy policies of Calgary Couples Counselling Centre Inc. This information is intended to help you make an informed decision about accepting services from us. If you have any questions or concerns about anything on this form, please do not sign the form until you have discussed your concerns with your therapist. Within each section, a summary of the essence of that section is **highlighted in bold**.

#### Frequency of Sessions

Weekly or bi-weekly 50-minute sessions (with 10 minutes for charting case notes) are most common. The frequency of sessions is based largely on your needs and situation.

#### How Long is Therapy?

The amount of sessions needed varies depending on the nature of each person's concerns, the complexity of the issues involved, the strength of our working relationship, and each person's commitment to work on the presenting issues. There is a direct relationship between effort applied between sessions and progress over time. Anywhere between 1 and 20 sessions is typical, though more sessions may be needed in some situations.

#### Fees

- **Our fees are as follows: \$200 per hour with our Registered Provisional Psychologists; \$220 per hour with our Registered Psychologists; and \$240 per hour with Nathan Cobb, Ph.D. in MFT, RMFT, R.Psych.**
- **We prefer payment at each session rather than a regular billing process.**
- Additional time beyond 1 hour is billed in 15-minute increments.
- Billable services include: face-to-face and telephone consultations (not including the initial intake or dealing with brief scheduling matters), report writing and other requested correspondence, and review of written records from other professionals.
- **Fees are payable by cash, credit card or debit**

#### About Privacy

- **All information you share with your therapist is private and confidential.**
- **Your information will not be released to anyone without your written permission (with some exceptions as explained below).** When information is to be released with your consent you will be consulted regarding what information is to be released.
- Your information will be kept on file in a secure and private location.
- You may review the contents of your own counseling file upon request.
- The privacy policy for Calgary Couples Counselling Centre is available upon request. It can also be viewed at <https://calgarycouplescounselling.com/privacy-policy/>

#### About Privacy When Multiple Persons Are Involved in the Therapy Relationship

- Many of our clients consist of multiple family members (i.e. spouses and partners in couple's therapy, family members in family therapy). **In such cases, no information obtained from multiple family members may be released to an outside party without the prior written consent of *each person* from whom the information was obtained**, unless 1) a different agreement has been established ahead of time and documentation of such an agreement is attached to this form or 2) information about the non-consenting party can be entirely removed from the information that is shared.
- The same policy applies if you wish to access or obtain copies of case notes from your own file (i.e. for couples or family therapy). Your therapist will require written consent from each person who provided information to the file, before he or she can release that information to you.
- As part of the assessment phase of therapy or as otherwise indicated, your therapist may request to meet with each of you on an individual basis for one or more sessions. Unless

you have collectively made a different agreement ahead of time with your therapist and documentation of such an agreement is attached to this form, please be aware that **your therapist is free to use his or her clinical judgment to decide whether, when and how to incorporate information you've shared privately with your therapist into your conjoint sessions and that disclosure of such private information by the therapist to others in therapy with you is not considered a breach of confidentiality.**

- The rationale for this policy is that it can be detrimental to the progress of your therapy or your relationship for your therapist to be in a position of having knowledge of sensitive information that the other spouse is not privy to, as it may put your therapist into a conflict-of-interest position.

### Exceptions to Privacy

**A client's confidential information may be released without their consent under the following conditions:**

- When the purpose is **to protect individuals (including a client) who are at foreseeable and imminent risk of bodily harm or death** as a result of a client's actions.
- Under law that requires **reporting of child and elder abuse/neglect** to authorities.
- Under **subpoena from a court of law**.
- In the unlikely event of a client's account becoming 120 days past due or in the event of a dispute over a financial transaction, limited information may be shared with financial or legal agencies connected with the business of Calgary Couples Counselling Centre (i.e. credit card companies, collection agencies, etc.) **as necessary to resolve such disputes or to collect on unpaid accounts.** In such cases, any personal information disclosed is limited to only that which is necessary to resolve the dispute or to settle the account (i.e. dates, transaction amounts, etc.) and does not include any clinical information.
- **Exceptions that apply to personal information disclosed by minors:** Generally, but not always, the legal guardian(s) of a minor must give consent for the minor to receive treatment and has a legal right to information disclosed in therapy by the minor in order to provide nurture and protection that is in the best interest of the minor. However, if everyone agrees at the outset of therapy to terms of confidentiality between the minor and his or her guardian(s) then the therapist is bound to abide by these terms. The therapist may subsequently only disclose confidential information obtained from the minor without written consent under the terms agreed upon, or as required by law, or under the exceptions outlined above. Your therapist will discuss these exceptions further with you in session, as applicable.
- If you disclose in confidence that you have done something illegal, your therapist is *not* obligated to report this to the authorities, unless the circumstances involve child abuse, abuse against a dependent adult, or a direct threat to another person (as outlined above).

**Initial Here →**

*I have carefully read the preceding sections on privacy and exceptions to privacy (or have had them explained to me) and I am satisfied that I fully understand the above stated policies on confidentiality and the limits of my confidentiality rights and I agree to proceed with counseling under these terms.* \_\_\_\_\_

### Email Privacy

- Email is a quick and convenient method of communication. Many of our clients use it to correspond with us. Please be aware, however, that while every effort is made to safeguard your privacy, we cannot guarantee the confidentiality of email messages. If this is a concern for you, please do not use email to correspond with us.
- **We will only use email to communicate with you: a) in response to an email you send us, or b) as you authorize it or otherwise request it. Please be aware that if you provide your email to us, this is automatically authorizing us to use it as a means of correspondence.**
- Your therapist will not transmit personally sensitive information by email (i.e. discussing clinical and personal details), unless you expressly give him or her consent to do so.

- Please note that it is typical for our client account management system to send you copies of your invoices or receipts by email.

**Collaboration with Professional Referral Source**

Enter Referral Source Name →

- If you have been referred to Calgary Couples Counselling Centre Inc. by another professional (i.e. mental health provider, lawyer, physician, psychiatrist, clergy, etc.), **it is customary for your therapist to contact your referral source** to acknowledge the referral at the beginning of treatment.
- **Your signature at the bottom of this form is your consent for this communication to take place.** If you do not give your consent for this communication, or if this is not applicable to you, please leave this section blank.

If Applicable: \_\_\_\_\_

**Consent to Release Information to Health Insurance Provider**

Enter Insurance Company Name →

- **If you will be submitting any health claims for reimbursement** to your health insurance provider for the counselling services you receive at Calgary Couples Counselling Centre Inc. **your health insurance provider may contact us to obtain information necessary to verify your claim.**
- The type of information they would typically request includes: 1) date of service, 2) the nature of services provided, and 3) the names of individuals who received the service.
- Our experience has shown that verification checks are not common, and that most health insurance providers will typically not request detailed diagnosis and treatment plan information, unless the insurance company was the referral source who previously contacted us on your behalf, and contracted with us to provide services to you.
- **Your signature at the bottom of this form is your consent for this communication to take place, if necessary.** If you do not give such consent, please cross off this paragraph.
- If you are not submitting any claims, check the box marked “Not applicable” below.

**24-Hour Cancellation Policy**

- **If you cannot attend an appointment, please notify our office 48 hours in advance (i.e. 2 business days).**
- **Please cancel by phone since email delivery is not always instantaneous or reliable.**
- Appointments cancelled with less than 48 hours' notice but more than 24 hours' notice will be subject to a fee of 50% of what would have been charged for the appointment, had it not been cancelled.
- Appointments cancelled with less than 24 hours' notice or unattended without any notice will be subject to a fee of 100% of what would have been charged for the appointment, had it proceeded as scheduled.
- Please note that weekends and statutory holidays are not considered business days and are not included as part of the required notice period.
- The purpose of the cancellation policy is to allow enough time for us to fill the vacant appointment slot, thereby meeting the needs of other clients who are waiting for an appointment. The therapist is essentially committing a one-hour (or longer) block of his or her time to a client's care, and only a limited number of such appointment slots can be booked in a day. A same day cancellation provides insufficient notice with which to re-book an appointment and thus represents both a lost opportunity for someone else to benefit from that time slot as well as lost revenue.
- We appreciate that unforeseen events sometimes happen, but please be as respectful of our time as you can. Exceptions to this policy are rare.
- **Please be aware that third-party reimbursement providers (i.e. health insurers) typically do not reimburse for late cancellation charges or no show charges.**
- If you provide your email address or your mobile number to our scheduling system you

can request an email or text message reminder notification about your appointment. Please note that these reminder notifications are a courtesy only. **Our clients are fully responsible for any appointments they have booked with Calgary Couples Counselling Centre Inc. even if they receive no reminder notification.**

- If you arrive late, the session will be shorter but still billed as though you had utilized the entire hour.
- If you are more than 20 minutes late, we will assume you are not attending.

**Initial Here →**

*I am aware of and agree to pay the late cancellation/missed appointment fee in the event that I cancel an appointment with less than 24 hours notice.* \_\_\_\_\_

### Social Media

- **It is the policy of Calgary Couples Counselling Centre Inc. not to accept social networking invitations from past or current clients utilizing social media sites** such as Facebook, LinkedIn or other similar sites.
- This policy is in keeping with ethical guidelines that prohibit the formation of dual relationships between therapist and client. A dual relationship occurs when a therapist and client form another type of relationship outside of the therapist-client relationship (i.e. mutual friendship, business associate, teacher, student, family member, etc.), or enter into a therapist-client relationship after another type of relationship has already been established. Such dual relationships have the potential for creating conflicts of interest, possible exploitation, and problems associated with unhealthy boundaries.

### Direct Billing to Insurance Companies Requires Valid Credit Card Kept on File

- We offer direct billing to many of the major insurance carriers in Alberta.
- **Please be aware that direct billing is a convenience to our clients and does not imply any obligation on our part to secure payment from your insurance company. Except in cases where a third-party (such as an insurance company) refers a client to us directly and payment arrangements are made with us directly by that third party, the client is responsible for payment for our services, even in cases where the client's insurer covers the services and accepts direct billing from us.**
- There are circumstances where we are unable to process a direct billing claim. These can include but are not limited to the following: 1) the amount billed for a session exceeds the client's coverage, 2) the client's policy limits have been reached, 3) we have received incorrect insurance policy information from the client, or 4) there is some technical problem that prevents us from submitting a claim or that prevents the insurance company from processing a claim through our claim portal. On occasion, the insurance carrier may simply deny a claim for reasons that they cannot share with us.
- **Please know that due to privacy laws, if your insurance carrier indicates to us that there is a problem with your claim or that your coverage has been denied, for any reason, we are unable to work with your carrier directly to resolve the problem.**
- **For direct billing purposes, we will process a direct billing claim within 24 business hours of the service being rendered. If the claim is denied, we then require payment from the client. The client may still be reimbursed by their insurance company, but it will be up to the client to resolve whatever problems caused the direct billing claim to be denied.**
- **If, for any reason, a direct billing claim is not made by our office within the window of time allowed for direct billings to be processed by your insurer, you are responsible for payment in full of services connected to that direct billing claim.**
- **For the reasons outlined above, if you wish us to direct bill your insurance**

company, we are pleased to do so, but we require a valid credit card number to be kept in your file. If the direct billing claim is denied, the fee-for-service will be charged to your credit card.

- Your credit card number will be stored securely in JaneApp, which is encrypted, cloud-based software that we use for client records management. Once our staff has entered your credit card number (below) into your profile in JaneApp, only the type of credit card and the last four digits of your card number will be visible in JaneApp to any staff member and any credit card information provided on this form (below), will be redacted before this form is stored in your hardcopy file on-site.
- If you have already entered your credit card number into your online profile in JaneApp, you do not need to provide it below.
